income-potential and unrivaled job placement rates.

“Even before I graduated from Aveda Institute, I was offered a job, simply because of my in-depth training and experience. I know going to Aveda Institute was the wisest choice for me, and I will succeed because I chose the best,” said Katie Williams, an Aveda Institute graduate.

Top Education = Top Awards

Each year in the salon and spa industry two coveted awards are given to cosmetology and esthology students who show promise to excel in the business of beauty. In the past year, Aveda Institute students have won both. A team of Aveda Institute students won first place in the Edwin Neill Full Potential Awards competition held in August. The students submitted before and after photos of hairstyles (winning look pictured) along with essays on the method for their creations. Aveda Institute students also won 35 of the 100 Beacon Awards awarded in 2007.
